In the name of Allah, the Most Compassionate, the Most Merciful.

O Allah, grant me from the blessings of the beginning of his (the Prophet's, peace be upon him) mission, love and affection, so that I may attain connection and companionship with the Source. O Allah, connect us with Your connection and companionship. O Allah, send peace and blessings upon our master Muhammad and upon our master Muhammad, the one who removes ailments and afflictions from the hearts of sincere and devoted lovers. O Allah, I ask You to cure me through his honour, his dignity, and his accepted status with You, a complete and

immediate cure for my body, heart, and soul, both outwardly and inwardly, in knowledge, action, and state. Remove from my body, flesh, bones, blood, nerves, senses, strength, and all the parts of my being any ancient or new ailment, whether it is blood-related, phlegm-related, or melancholic, and make me strong and healthy, and grant me a long life. Establish me on the Muhammadan path of completeness in Sharia, Tareeqah (the spiritual path), Haqeeqah (the essence of truth), and Ma'rifah (gnosis). Guide me to the desires of my heart so that faith may dominate over it, strengthen me in the state of Ihsan (excellence in worship).

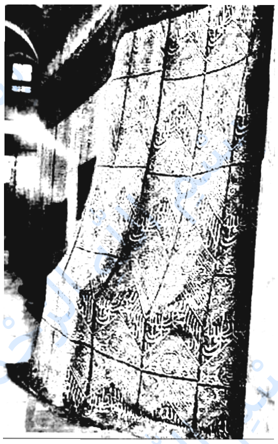
O Allah, I ask You to cure me through the blessing of Muhammad and his descendants, and strengthen and lengthen my life in his following (peace be upon him). Cure my body through his body, heal my being through his being, and remove my illness through his honor (peace be upon him). I seek intercession through him for my health and healing. Heal me with his healing, a complete cure, and make him my intercessor in this world and the Hereafter. O Allah, send peace and blessings upon our master Muhammad and upon the family of our master Muhammad, as a guidance that is decisive, and upon his family as the light of hidden truths. O Allah, send peace and

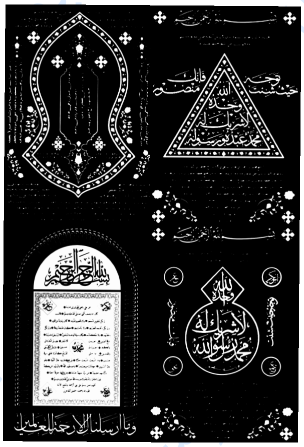
blessings upon our master Muhammad and upon the family of our master Muhammad, the essence of visible beings. O Allah, send peace and blessings upon our master Muhammad and upon the family of our master Muhammad, the healer of our illnesses and the cure for our chests. O Allah, heal me through his honor, dignity, and acceptance in Your sight and in the sight of Your angels, strengthen and perfect my health, and make me live long and establish me firmly on the radiant Muhammadan Sharia.

O Allah, I seek intercession through his love and acceptance for my healing and well-being. Heal me with a complete and

immediate cure, for when I am ill, it is He who heals me. O Allah, cure me for the sake of his sanctity and make me steadfast in trust and contentment, with a heart that is rich beyond the need for this world and its people. Protect me and my children from humiliation and defeat by enemies, from the self, and from the whispers of Shaytan (Satan) and humankind. Guide them to follow the Sharia and Tareeqah taken from the words and actions of Your Beloved (peace be upon him).

O Allah, by his sanctity and the sanctity of those who follow him, grant me a complete and immediate cure, and make me strong, healthy, and well. O Allah,

grant me self-annihilation for the life of my heart, soul, and inner self, even down to the level of hair, praise, satisfaction, and essence in the Divine Presence. Strengthen me upon the path of the perfected Sufis, who are the heirs of Your Beloved, the Pure, the Chosen, the Preferred (peace be upon him).




O Allah, I ask You through Your Beloved, that elevated light and sublime secret, to heal me from all physical and spiritual diseases, to strengthen me, and to grant me long life. Ameen, O Lord of all the worlds.
